Hopes of the organizing of an Eastern Connecticut Baseball League met with what will probably be a f atal blow Tuesday evening when a supposed meeting of all clubs was to be held, but only three managers braved the attempt. Benoit of Taftville, Finn of New London and Shea and Cooper of Westerly.

The Sachems who were originators of the scheme falled to have any reposition.

of the scheme failed to have any representative, as word was received from Manager Holland that business took him out of town. Baltic telephoned that they would be unable to

send anyone.

Possibly there may be an attempt to re-organize again and it is most certain that an excellent opprtunity to form an organization has been rashly thrown aside for the lack of keen interest which ought to prevail among sterest which ought to prevail among the managers as it has been aroused among the fans. Hopes are set that the managers will everlook this temporary setback and hit the trail once more for the formation of a substan-

tial circuit.

The delegates from Westerly re-ported that the interest and enthusiasm at that place has become intense and the fans are heart and soul for the proposed league and the news of Tuesay's meeting will be much regretted. In spite of the downfall of the eague Taftville, Westerly and New London expect to play a triangular eries, the first starting Sunday when Taftville meets New London at New London

w London. The three clubs present decided to call negotiations off and will at once schedule games for the summer which they have been holding off hoping that the league would materialize. The real first setback came when Mossup signified their intentions of withdrawing after it was understood they would enter.

BATTLE FROM NEWTON Pacific Coast Champion Makes Strong Bid in Second Round For Lynnewood Hall Cup.

Philadelphia, June 22.—Jerome D. Travers, open golf champion of the United States, was given a great battle today by F. C. Newton of New York, former Pacific Coast champion, in the second round of match play for the Lynnewood Hall cup on the course at the Huntingdon Valley Country Club. Travers pulled out a victory on the last five holes by the narrow margin of 3 up and 2 to play. Most of the bad luck seemed to follow Newton, including unintentional interference by a spectator, but despite this he made the veteran work hard for victory. The greaters part of the match was played in a driving rain storm.

downward revision of its dividend.

Coal stocks showed no further effect of yesterday's decision of the United States supreme court, which ordered a separation of the Delaware, Lackawanna and Western Railroad from its coal subsidiary. In fact, Lackawanna, which is rarely traded in these days, made a gain of eight points on sales of only 200 shares.

That class of railway issues designate as trunk lines was strong, presumably as a result of Baltimore and Ohio's statement of earnings for March which disclosed a net increase of \$1,247,000. Harriman and Hill issues were firm to strong and New Ha-

Steel was again the active feature, but its range was narrow and without material net change. Total sales of stocks amounted to 467,000 shares.

There was a better tone to sterling and continental exchange, the improvement being mainly due to the prospects for additional foreign financ-
